

# Nitin Satarkar

Data Analyst

nitin.satarkar@gmail.com · +91-70123-45678 · Aurangabad, Maharashtra

## OBJECTIVE

I am a fresher looking for a Data Analyst position where I can use my knowledge of Excel and basic Python. I have completed some online courses and want to grow in the data field. I am a quick learner and hardworking.

## SKILLS

|          |                                             |
|----------|---------------------------------------------|
| Tools    | MS Excel · Google Sheets · Power BI (basic) |
| Language | Python (basic) · SQL (basic)                |
| Other    | Data Entry · MS Office · Internet Browsing  |

## EXPERIENCE

|                                                                                                                                                                                                                                                                                                                                              |                            |
